

ENERGY EVOLUTION SPEAKER SERIES ▶▶▶▶

Smart Grid Technology & Colorado's Energy Future

July 16, 2009 at 4:00 pm

panelists:

- Jane Brautigam, City Manager, City of Boulder
- Cameron Brooks, Senior Director, Market Development and Policy Strategy, Tendril Networks, Inc.
- Jim Spiers, Senior Manager Energy Strategies, Tri-State Generation and Transmission Association

LEADING THE ENERGY EVOLUTION™

Smart Grid companies represent one of the biggest and fastest growing sectors in the CleanTech market. Since 2001, investors have provided over 3.5 billion dollars of private funding to Smart Grid companies.

Join HRO for the latest presentation in its ENERGY EVOLUTION SPEAKER SERIES. Learn more about Smart Grid technology, what it means to Colorado businesses and its economy, and Colorado's own Smart Grid City – Boulder.
